Ref C. No. 15/31-32.

Station Mangalore Dated the 1st March 1932.

From (Name) M. R. Ry. K. Vittal Shetty, Avargal.,
(Designation) Chairman, Municipal Council, Mangalore.

To The Secretary to the Government of Madras,
Through The Director of Public Instruction, MADRAS.
LAW EDUCATION, Department. Fort St. George MADRAS.

Sir,

In G.O. No. 622 L. E. dated 16th April 1931, Government have been pleased to sanction a subsidy not exceeding one half of the actual cost of construction of two buildings - one for the Municipal Elementary School for girls at Pentlandpettah and the other for the Elementary School for boys at Attavar - subject to the maximum of Rs. 6,600.

2. The work of construction of the two buildings in accordance with the plans and estimates approved of by the Director of Public Instruction was taken in hand in

August

and
August last/is now practically complete. Final payments however remain to be made. The work done has been measured and checkmeasured and payments already made for the work of the two buildings amount to Rs. 11,000. A certificate that the expenditure has been actually incurred to that extent and that the work has been properly executed is enclosed. I request therefore that Government may be pleased to instruct the Accountant-General to pay the council out of the subsidy of Rs. 6,600 promised, the sum of Rs.5,500 being the moiety of the cost at present incurred on the buildings.

p 5 infra

3. The payment of the subsidy promised is subject to the condition that the other half of the cost of the --- buildings is met by the council from its general revenues - and not from Elementary Education Fund. Proposals for the construction of the two school buildings were before Government prior to 1926, and in G.O. No. 739 L. E. dated 30th April 1926, Government were pleased to sanction a subsidy of Rs.10,500 -- equivalent to a moiety of the cost of construction of four --- school buildings including the two buildings now under reference. Estimates and plans in respect of the two buildings that were submitted to the Director for sanction had to be revised so as to provide for cheaper and smaller buildings capable of expansion to meet future requirements - vide G. O. No. MS. 2484 L. E., dated 27th November 1929. The council during the year 1927 - '28 and 1928 - '29 had contributed to the Elementary Education Account, capital, Rs. 12,600 and Rs. 17,000, respectively, from its general revenues in addition to its usual annual contribution to the --- ordinary account required to meet the running charges of the -- schools maintained by it. The contributions to capital account included the moiety of the cost of construction among others of the two school buildings under reference, but pending approval of the estimates their work could not then be taken in hand.

para 2 & 6 at (F)

(A)

(B)

p.2 of (C) G.O. No. 431 12-6-28

p 3 of (D) G.O. No. 60 8-1-30

Out of the said contributions, a sum of Rs. 5,500, the balance available after meeting the cost of purchase of sites for the Market Ward, Bolar and other schools, has been set apart as the Council's share in part, towards the cost of construction of these two buildings in the current year and credit has been taken for a subsidy from provincial funds of an equivalent amount of Rs.5,500 - Vide revised budget for 1931-'32. In the budget estimate for 1932-'33 out of the contribution of Rs.1,400 proposed to be made from the General revenues to the capital account of the Elementary Education Fund, a sum of Rs. 1,100 is intended to meet the remaining share of the council on the work and credit has been taken for an equivalent sum from provincial funds. It will thus be seen that the moiety of the cost of construction of the buildings is actually met by the council from its contributions for the purpose from its general revenues.

4. The cost actually incurred on these buildings during the current year is Rs. 11,000. The allotment in the revised budget for the current year under "Capital account, Buildings", inclusive of Rs. 1,400, the cost already incurred on other works is Rs.12,400. The allotment is made by taking credit on the receipt side a sum of Rs.5,500 as provincial subsidy. The budget for the year closes with a balance of only Rs. 33 under capital account and as it was not possible to meet the entire amount of Rs.11,000 incurred on the two buildings, pending the receipt of the subsidy, the sum of Rs. 5,500, the excess over the council's share of the cost has been temporarily met by a debit to "Advances Recoverable", in the general account. I request therefore

that Government

that Government may be pleased to order the payment of the subsidy of Rs.5,500 immediately to enable me to make the necessary adjustments in the accounts, before the close of the current year. The balance amount of Rs.1,100 of the subsidy will be claimed during the next year.

5. The work of construction of the buildings was entrusted by invitation of tenders. As the rates tendered were, lower in respect of some of the items of work than the rates in the sanctioned estimates some savings are expected to occur in the total amount of the estimated cost of the buildings. The estimates provide for school buildings only and no provision exists for either a latrine or urinal or a compound wall. The provision of latrine or urinal for each of the schools is essential and so also a compound wall to protect the school garden from being trespassed. It is therefore proposed subject to the sanction of Government to utilize the savings, on the provision of these indispensible items of works. I request therefore that the necessary permission may be accorded subject to the condition that the amount of the subsidy to be claimed does not in the aggregate exceed the sum of Rs. 6,600, already sanctioned.

6. To avoid delay this application has been sent to Government direct. A copy has, however, been forwarded through the Director of Public Instruction.

Your obedient servant,

Chairman, M.C.

H.D.U.

Enclosure to Letter C.No.15,dated 1-3-'32 to Government.

MUNICIPALITY OF MANGALORE.

I do hereby certify that an expenditure amounting to Rs. 11,000, eleven thousand, has actually been incurred on the work of construction of two build--ings at Mangalore - one for the Municipal Elementary School for girls at Pentlandpettah and the other for the Municipal Elementary School for boys at Attavar - and that the work done has been properly executed and worth the amount paid for.

Municipal Office,
Mangalore, 1st March 1932

Chairman, M. C.

Education Department.

pp 1-5 C.F

C.No.815 A - From the C.M.C., Mangalore, No.15/31-32 dated 1-3-1932.

Subsidy - Municipal Council, Mangalore - Construction of school buildings.

pp 2-3 C.F

Paragraph 3 of the Chairman's letter.

In the circumstances reported by the Chairman the Council may be considered to have contributed from its general revenues one-half the cost of the buildings.

p 4 C.F

p 2 of (P)

Paragraph 5 of the letter.

The maximum subsidy promised in G.O. No.622 Education, dated 16-4-1931, is Rs.6,600. The actual cost incurred of the buildings is Rs.11,000 and the subsidy payable is Rs.5,500. The Chairman reports that the original estimates do not provide for urinals and compound walls and requests that permission may be granted for the construction of these also, provided the total subsidy claimed does not exceed the amount promised in the G.O. quoted above. This request may be considered when the copy of the letter submitted through the D.P.I. is received. For the present, it seems sufficient if a subsidy of Rs.5,500 is sanctioned. No orders need be passed now on this Chairman's request.

To The Secretary to the Government of Madras,

Law (Education) Department.

Sir,

Ref:- Letter G.No.151/31-32 dated 1-3-32 from the Chairman, Municipal Council, Mangalore.

Submitted to Government.

2. The payment of a sum of Rs.5500 is recommended, the expenditure being met from the current year's appropriation under "31.K.Education-Primary-grants to local bodies for Primary Education - K.A.Local Bodies-A.6.Buildings-voted."

3. It is observed from the audit report of Elementary Education Fund for 1927-28 and 1928-29 recorded in G.O.Nos. 431 R.L.E., dated 17-10-28 and 10 R.L.E., dated 8-1-30 that the amounts noted in para 3 of the Chairman s letter were adjusted to the Elementary Education Fund in addition to its ~~annual~~ usual contribution.

p 6 ante

4. As regards para 5 of the letter, the Chairman may be requested to apply separately for the sanction of Government for the utilisation of savings, if any, towards the cost of construction of an urinal or compound wall, together with the plans and estimates.
